Roadrunner United players are selected through a clinic or try-out process conducted by our professional staff. Players are then placed in the best environment for their individual development.

Our youngest team is U9. Typically, there are multiple competitive teams formed per age group. Players are encouraged to attend as many of the tryouts as possible in order to receive multiple evaluations during the tryout period.

Players will complete a try-out profile form before participating in a tryout. All players must wear shin guards and bring a ball and water to each tryout.
